Adventurers Island – Character List

Beach

Name:	Colin Castaway
Job:	Sailor / Castaway
Age:	30

Description:	<p>'Worst Sailor of the high seas' is probably the best way to describe Colin. He is a happy-go-lucky guy, who cannot understand why, every time he sets sail on the high seas, it always ends up in him getting ship wrecked. This however is obvious to everyone else; the boats he constructs are appalling.</p> <p>Although Colin does not intend to tell lies, what he does say is heavily exaggerated. He truly believes what he says.</p>
History:	<p>Colin was once a cabin boy on a boat, although he would tell you that he was second in command on a galleon. The boat came to a crushing end, and Colin soon found himself floating ashore holding onto what was left of the boat. This unfortunate accident didn't have any effect on his love for the ocean, and he immediately started to build a new boat, readying to set sail again. His voyage would be to find his old crew.</p> <p>The trouble with this is that each time he set sail his boat would soon start to sink and Colin would find himself washed up on another shore.</p>
